be paying for insurance

Only available from Howden

Professional Indemnity product for surveyors

Coverage for all surveying work
including mortgage valuations

The Howden exclusive product

- Designed to provide cover for all surveying work including the provision of mortgage valuations with no limit on the proportion of fee income generated from higher risk activity.
- Jointly underwritten by a panel of 'A' rated RICS listed insurers.
 - » Sharing the primary layer between insurers eliminates over-reliance on one insurer, spreads the risk and can help reduce the likelihood of insurers declining to provide renewal terms.
- Ability to provide quotes based on the proposal form you complete for your existing insurance broker.
- Policy coverage is wider the RICS minimum terms.
- Designed for firms paying over £10,000 premium.

Howden add value

- Our in-house claims department consists of 30 claims experts who have successfully managed numerous multi-million pound claims on behalf of surveyors.
- Free of charge contractual document review service.
- Provision of advice on PI in relation to RICS requirements.
- Advice on the management of insurance during mergers and acquisitions.
- Commitment to providing proactive guidance to the industry via regular newsletters, seminars, discussion forums and CPD sessions.

Howden and the surveying sector

Howden is the Royal Institution of Chartered Surveyors' preferred insurance broker for both professional indemnity (PI) and cyber liability insurance.

With over 20 years' experience in the surveying sector, we place over £30m of premium a year on behalf of the industry and look after several of the UK's largest property services firms.

We serve the full range of surveying firms from sole trader building surveyors through to estate agents, quantity surveyors, valuation surveyors and panel managers.

Working with some of the world's leading professional services firms also means we have a proven ability to manage complex, global insurance programmes.

Howden are refreshingly open and honest. If you want to see what 'good' looks like, I would strongly recommend you make contact.
